

Service Technician for Crane Systems on Seagoing Vessels

Are you passionate about technology, enjoy traveling, and like getting hands-on? Then come on board! We are looking for a **Service Technician (m/f/d)** to join our team with immediate effect – for exciting assignments around the globe.

Your Responsibilities – varied and demanding:

- Maintenance, servicing, and repair of ship crane systems
- Carrying out service, warranty, and inspection work
- Technical consulting for our international customers
- Fault diagnosis and sustainable problem solving
- Worldwide readiness for deployment – each day brings something new!

Your Profile:

- Several years of experience in servicing ship crane systems or comparable machinery
- Independent, structured, and customer-oriented way of working
- Sound knowledge of hydraulics and electrical engineering
- Good command of German and English, both written and spoken
- Confident user of MS Office
- High sense of responsibility, team spirit, and resilience
- Hands-on mentality and solution-oriented thinking
- Valid driver's license (Class B) and willingness to travel

What we offer:

- Attractive remuneration including holiday and Christmas bonuses
- Full social security coverage
- Employer-funded supplementary health insurance (€1,200 budget per year)
- Company pension scheme
- Long-term prospects with a permanent employment contract
- Individual development opportunities and further training
- Short decision-making processes in an owner-managed company
- A collegial working environment with direct communication with management
- Regular company events
- A work environment that supports a healthy work-life balance

We are an international, growing company and place great value on a positive working atmosphere, ensuring a balance between professional and private life.

Sounds exciting?

Then we look forward to receiving your application by post or email to **Ann-Kristin Schmidt**.
